Dictation, Transcription, Speech Recognition, Computer-Assisted Coding & CDI Solutions

Speech Recognition
Pathology Solutions

Dolbey is helping to enhance the way Pathology professionals create clinical documentation. Organizations using Fusion Narrate are improving medical collaboration and patient care.

The Fusion Suite™

DOLBEY
— SINCE 1914 —

Fusion Narrate for Pathology

Dolbey's award-winning software has been consistently recognized by KLAS Research

Dolbey, a world leader in clinical documentation solutions, delivers a comprehensive, speech-enabled reporting solution for anatomic pathology labs. Dolbey's Fusion Narrate solution uses a pathology-specific vocabulary to maximize speech recognition accuracy.

Fusion Narrate provides flexible options for every pathology professional, users can choose between front-end or back-end speech recognition and traditional transcription workflows.

Fusion Narrate for Pathology is designed to integrate with all major LIS and Digital Pathology systems without the need for interfaces.

Dolbey's Fusion Narrate for Pathology is reducing transcription costs and report turnaround times while increasing the quality of patient documentation and care.

Dolbey's cloud-based speech recognition software, Fusion Narrate®, is powered by nVoq™

Fusion Narrate Features

Supports interactive templates and CAP reporting

Unique "interface-free" design allows for a more economical and flexible deployment

Front-end and Back-end speech recognition along with standard dictation options are available from a single application

Vision Click™ eliminates repetitive tasks for easy navigation of any EHR

Hands-free support, Pathology specific vocabulary and multiple microphone options

24/7 support - We're here for you 365 days a year including nights and weekends because we know Pathology isn't just a 9 to 5 job.

Since 1914, Dolbey has been providing voice recording and document management solutions designed to help healthcare organizations improve workflow, boost productivity and increase profitability.

The Fusion Suite platform is Dolbey's line of award-winning software products that includes dictation, transcription, speech recognition, clinical documentation improvement and computer-assisted coding technologies. Together they deliver an end-to-end solution which creates more accurate reporting of critical data elements and improves documentation, reimbursement and patient care.
